

HEPATITIS B & C

It's a big issue for 1 out of every 12 of our mob

- You could have chronic Hepatitis B or C and not even know it

- A vaccination is all it takes to protect you and your family against Hepatitis B

- Hepatitis B and C can be managed and treated. If left untreated it can cause serious liver disease & cancer

- Talk to your doctor or AMS about testing and treatment

This is Hepatitis...GET THE FACTS!
